Chile Lagos Limpios

Vision

Ensure the protection of water resources and world-class natural beauty of the region while encouraging the sustainable economic and social development for the Araucanian Lakes area.

Mission

Act as a convening agency to develop and implement sustainable development practices in the Araucanian Lakes area that preserves the natural environment, supports economic and social development, and empowers local communities.

Objectives

- Establish Chile Lagos Limpios NGO
- Develop and implement monitoring program
- Engage stakeholders to increase collaboration and collective impact
- Develop watershed sustainable development strategy
- Establish exchanges between Lake Tahoe and Lake Panguipulli

International Lakes Forum 2020
