

Shoreline Plan

Scoping for EIS

TRPA Advisory Planning Commission

August 9, 2017

Working to Enhance + Protect 72 Miles of
Lake Tahoe's Shoreline

EIS Scoping

- 30 Day Public Review-
July 12-August 16

- Feedback on scope and
content of EIS

Scoping - Notice of Preparation

- Project Description
- Scope of EIS
- Possible Environmental Effects
- Alternatives

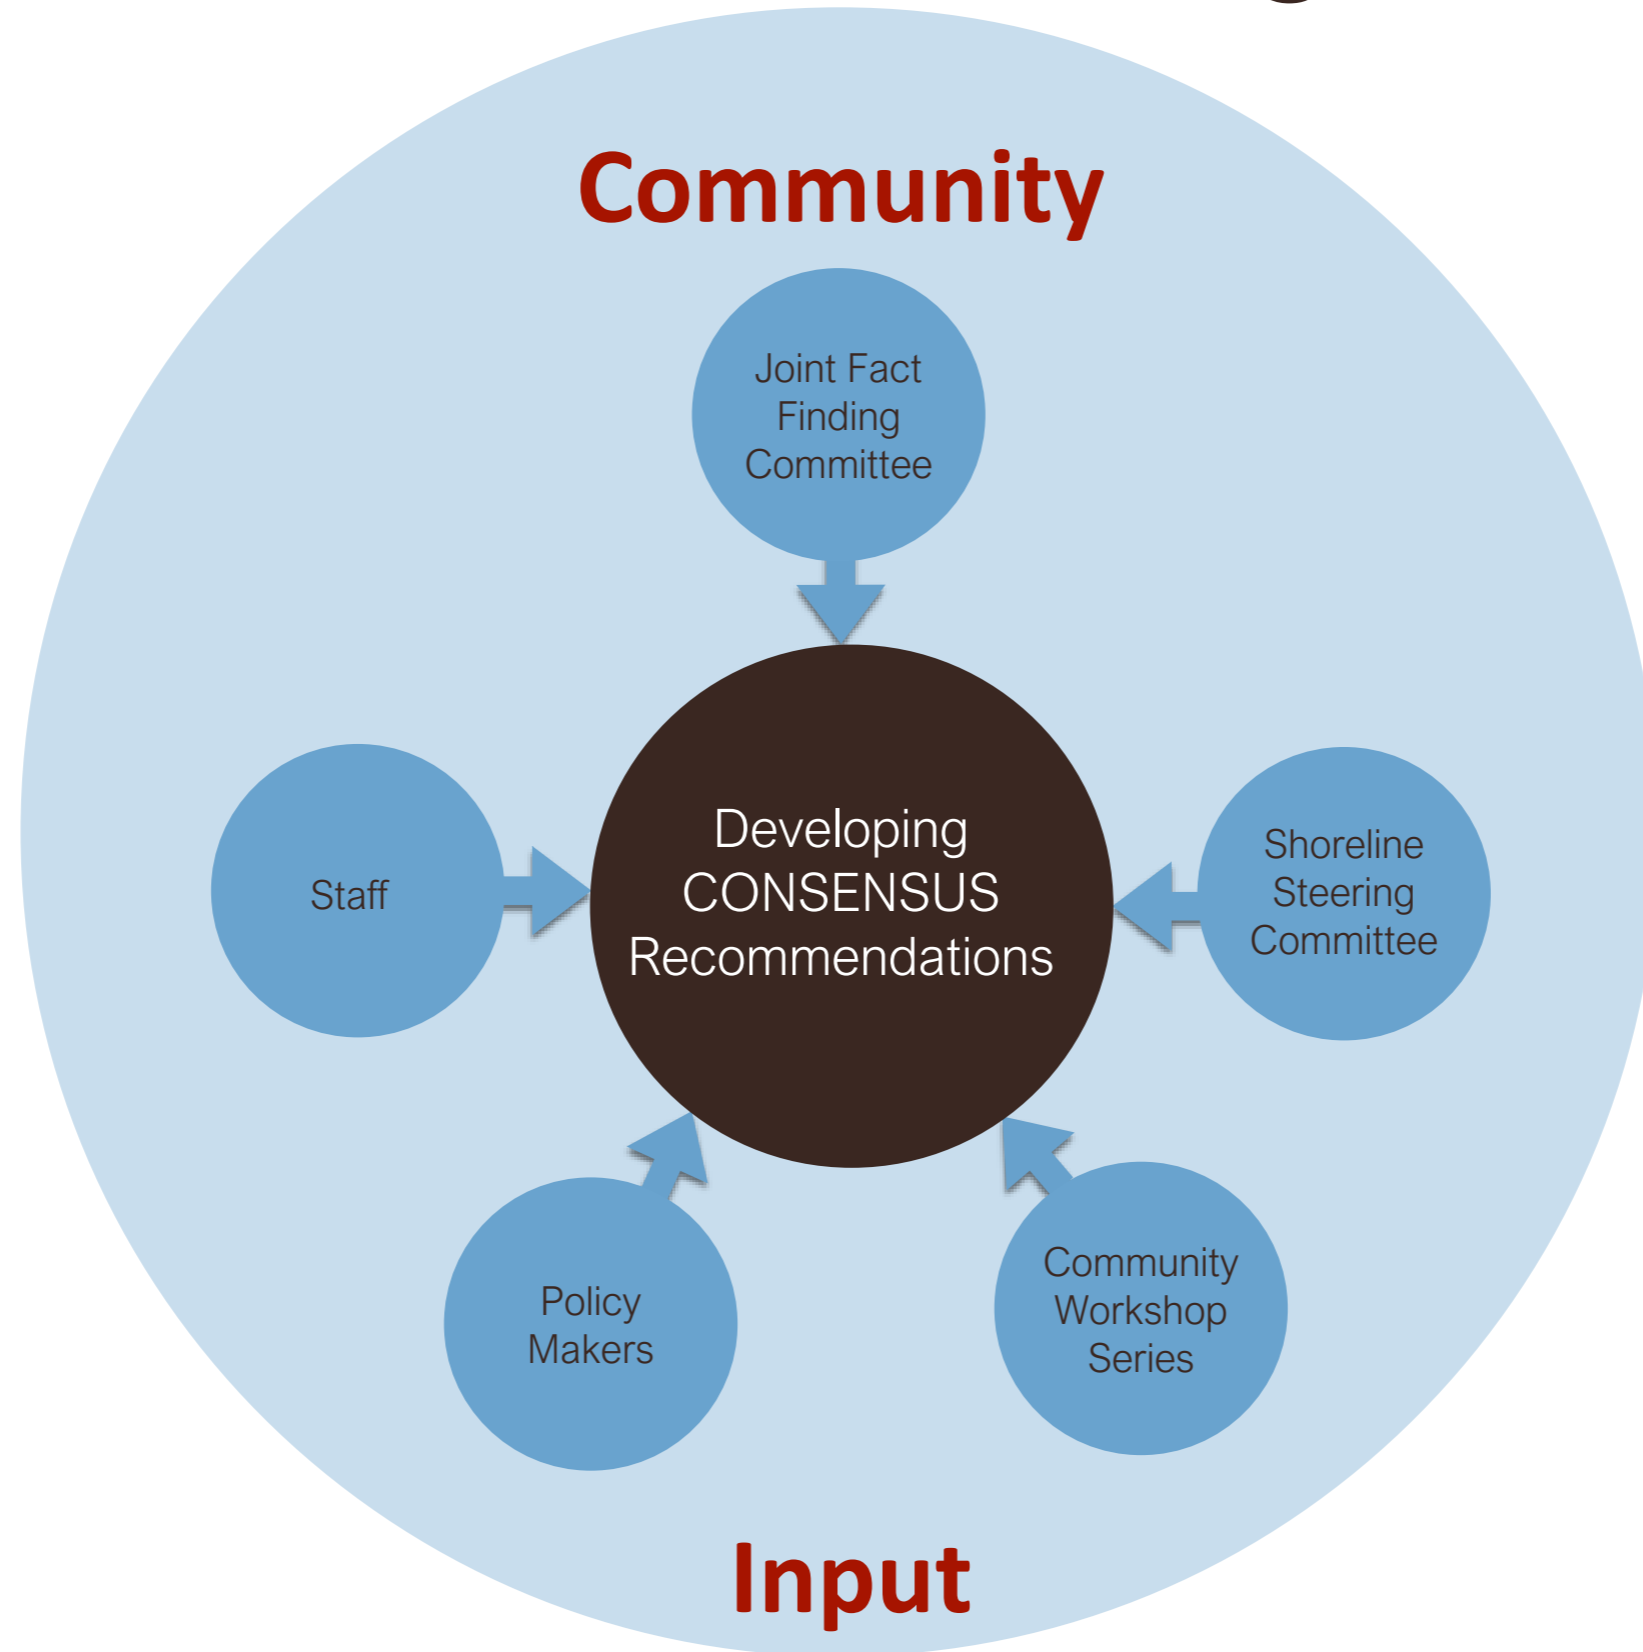

Scoping-Public Outreach

- ✧ Stakeholder Agencies and Organizations
- ✧ NV + CA State Clearinghouse

Shoreline Planning Process

Overarching Goal

Enhance the recreational experience along Lake Tahoe's shores while protecting the environment and responsibly planning for the future.

Organizing Principles

- ✧ Protect and Where Possible Enhance the Environment
- ✧ Fair and Reasonable System of Access
- ✧ Adapt to Changing Lake Levels
- ✧ Preserve Quality Recreation and Public Safety
- ✧ Implement Predictable and Consistent Rules

Protect and Enhance the Environment

Protect + Enhance Environment

- ✧ Use best available science
- ✧ Cap development potential
- ✧ Go slow
- ✧ Incentivize environmental improvements
- ✧ Avoid or mitigate impacts
- ✧ Allow scenic banking
- ✧ Adaptive Resource Management

Fair and Reasonable Access

Public Ramps

- ✧ Provide for new public boat ramps
- ✧ Geographically distributed near clustered development and transportation hubs

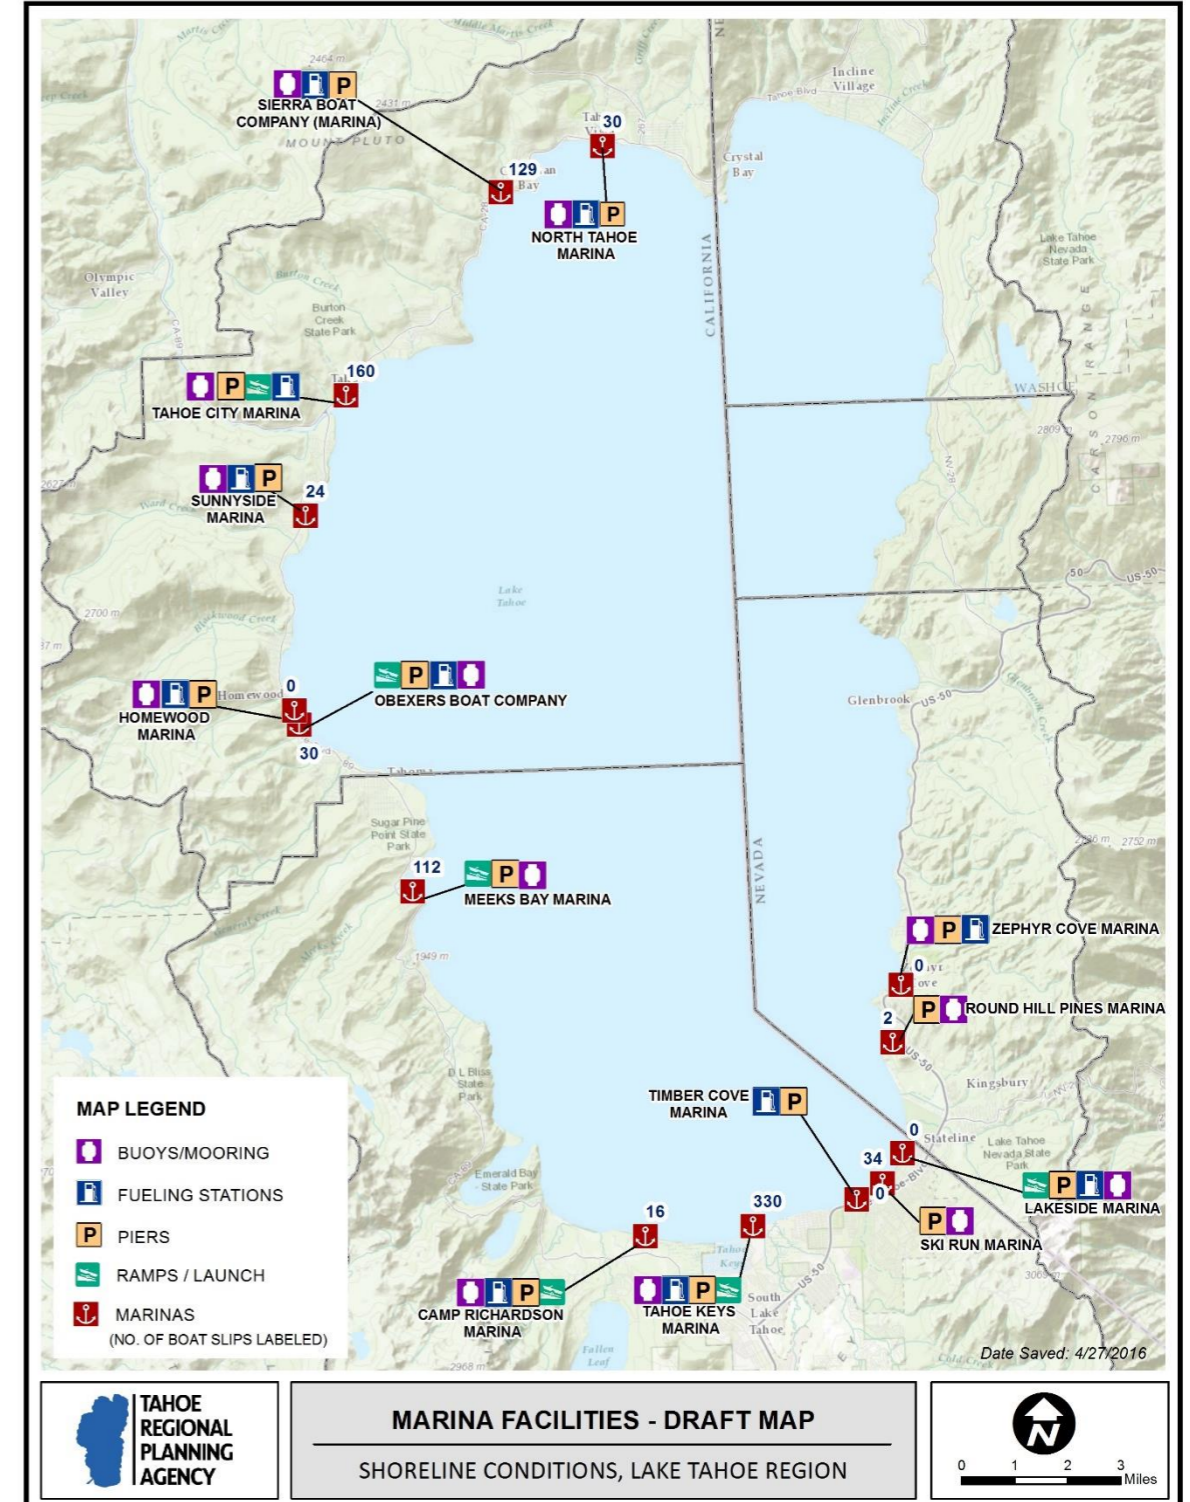

Sand Harbor Boat Ramp

Marinas

✧ Promote Environmental Improvements

✧ Focus Capacity

TRPA MAP DISCLAIMER: This map was developed and produced by the TRPA GIS department to provide a preliminary analysis for the shoreline update process. It is provided for reference only and is not intended to show map scale accuracy or all inclusive map features. Document Path: F:\GIS\XDS\shorezone\ShorelineUpdate\UpdatedMarinaMap.mxd

MARINAS: Environmental Improvement

- ✧ Flow improvements, reducing AIS habitat
- ✧ Boat ramps for public use
- ✧ Contribute to AIS controls lakewide
- ✧ Access for fueling and pump-out stations
- ✧ Cleaner rental fleets
- ✧ Install stormwater BMPs beyond required
- ✧ Install electric charging stations for boats
- ✧ Additional scenic improvement
- ✧ Boater education
- ✧ Provide non-motorized boat storage for public
- ✧ Scenic improvements

Piers

- ✧ Provide sufficient new public piers
- ✧ Provide opportunity for private piers (including single-use)
- ✧ Incentivize multiple-use through permit prioritization + design standards
- ✧ Protect shoreline through quadrant + scenic sensitivity distribution

Buoys

- ✧ Cap total buoys on Lake
- ✧ Permitted buoys to remain
- ✧ Distribute new buoys among user types
- ✧ Limit new moorings (2 per littoral parcel)

Adapt to Low Lake Levels

Marinas + Ramps

- ✧ Additional row of buoy anchors
- ✧ Temporary pier + ramp extensions
- ✧ Limited dredging

HOAs

✧ Additional lakeward row of buoy anchors for buoy fields

Individual Littoral Parcels

- ✧ Additional lakeward buoy anchor for private littoral property owners
- ✧ Access deeper water with multiple use piers

Preserve Quality Recreation + Public Safety

Recreation Safety and Enforcement

- ✧ Maintain 600' No Wake Zone + all of Emerald Bay
- ✧ Education on boater safety + no wake zone
- ✧ Coordinate shared enforcement - TRPA & States
- ✧ Remove unpermitted buoys
- ✧ Allow for Essential Public Health & Safety Facilities

Non-Motorized Boating

- ✧ Provide appropriate infrastructure
- ✧ Maintain No Wake Zone
- ✧ Education on boater safety
- ✧ Water Trail Program
- ✧ Limit pier length

Predictable and Consistent Rules

Predictable & Consistent

- ✧ Specific design standards for predictability, consistency and fairness
- ✧ Reduce complexity; provide greater certainty
- ✧ MOUs with States to clarify requirements and streamline permitting

Scoping: Possible Environmental Effects

✧ Water Quality

✧ Recreation

✧ Scenic

✧ Air Quality

✧ Fisheries

✧ Noise

Scoping: Potential Planning Alternatives

✧ “Heart” of the EIS

✧ Focus on Possible Impacts from Proposed Plan

✧ Reasonable Range of Alternatives

Next Steps

- ✧ Community Briefings
- ✧ Scoping Summary Report
- ✧ Develop Alternatives
- ✧ Draft EIS

Questions and Comments
